## SYSTEM FEATURES

### 1080p HD Resolution

Take advantage of HD video quality and see more of what's going on around your property. The included 1080p cameras record video in ultra-clear full-HD resolution for 24/7 protection you can count on.

### Night Vision

Q-See's high-quality LEDs allow these HD cameras to see up to 80 feet in complete darkness for 24-hour-a-day protection.

### Remote Monitoring

Always be the first to know with mobile surveillance. Access and control your system from anywhere in the world with just a smartphone or tablet. Receive instant alerts and mobile notifications to see events as they happen.

### **Weather-Resistant Cameras**

These BNC HD cameras are built to work indoors or outside, so you can enjoy peace of mind no matter what the weather.

### **Easy Connect**

Easy Connect is a new way to quickly connect from the mobile app to your DVR for instant live viewing on your smart phone or tablet.

### **Start-Up Wizard**

Your Q-See DVR comes with an automated Start-Up Wizard that guides you through the setup process step-by-step to ensure your system is configured and fully optimized right out of the box.

### **Customizable Recording Modes**

Choose how and when your cameras and DVR record based on your individual preferences and needs. Record manually, or on a time schedule, or just when motion is detected by your cameras. It's all up to you.
